

## Outage Notice for May 15, 2020

On **May 15<sup>th</sup> at 1:00am** the Houlton Water Company will be taking a system wide outage to switch from the Emera Maine Transmission system to the New Brunswick Power Transmission System. We anticipate that the outage will last no more than **3 hours** and the bulk of customer are expected to have power restored by 4:00 am on May 15<sup>th</sup>. It is important to note that this switchover is happening in the middle of the night, early Friday morning, to limit inconvenience to our customers. HWC wants to thank its customers for its patience as we finalize the interconnection to NB Power.
